

# Assessment of Marginal Workers in **Tamil Nadu - A Socioeconomic Analysis (DAC)**

More than 35,000 new Self Help Groups (SHGs) have been formed by the project, with a particular focus on the poorest women and inclusion of youth, tribal, and differently-abled. The savings and internal lending of these SHGs have enabled members to enhance their livelihood activities and household incomes.

**Gender Equality and Social Inclusion Working Group, TAMILNADHU**

The framework was developed to help build a common understanding between Development Partners (DPs) regarding gender equality and social inclusion. Nepal has achieved significant progress in addressing these issues, supported by positive national and international commitments. However, a large proportion of Nepal's population continues to be affected by discrimination. A more coherent approach among DPs will ensure further coordinated collective support to the Government of TAMILNADHU
